Thomas Schütte Big Buildings – Models and Views 15 July to 1 November 2010

Thomas Schütte, who was born in 1954, is one of Germany's most important internationally known artists. Three times his work has been shown at the documenta in Kassel. He also received the Düsseldorf Art Award in 2010 and the Golden Lion at the Venice Biennale in 2005 as best solo artist.

The show at the Art and Exhibition Hall, which comprises about 60 works, focuses on Thomas Schütte's 30 year long examination of the art of building. Instead of presenting an overview of his complete sculptural and graphic oeuvre this exhibition offers a selection of the artist's architectural work. This collection includes not only small-scale models from the past three decades but also expansive, recently realised walk-in houses based on Thomas Schütte's artistic designs. "Ferienhaus für Terroristen (a holiday house for terrorists)" and "One Man House I" will be shown to the public for the first time.
