Invitation to a Media Conference
Thursday, 2 October 2014, 11 a.m.

OUTER SPACE

3 October 2014 – 22 February 2015

A wide open realm of research and projections, outer space has always inspired a sense of yearning and curiosity. What is the origin of the universe? Is there intelligent life on other planets? These questions spur philosophers and natural scientists, writers, filmmakers and artists, fantasists and visionaries in equal measure. There has always been an intense exchange between culture and science: scientific and technological findings have found their way into the work of artists, while conversely, visionary ideas and designs have inspired science. Outer Space investigates the interface between culture and science in 12 associative chapters that range from space travel artefacts, scientific exhibits and science fiction to the varied ways artists have responded to the subject throughout history.

The exhibition is under the patronage of the German Federal Chancellor Dr. Angela Merkel. In cooperation with German Aerospace Center (DLR).

We cordially invite you to a media conference on Thursday, 2 October 2014 at 11 a.m. The exhibition opens at 10 a.m.
